## The Noto Peninsula earthquake relief charity event

On 1st January 2024, a 7.6 magnitude earthquake occurred in the Noto Peninsula region of Ishikawa Prefecture. As of January 31, the damage has exceeded expectations: 238 people have died, 19 people are missing, houses have been completely or partially destroyed, and many people are displaced.

We would like to send donations to those affected by the disaster, so we will be holding a Zoom charity event with Japanese people living in Malaysia, Malaysians, and Japanese people who used to live in Malaysia.
